

♥ Volunteers, We need you!

Help protect the vulnerable through these critical times and support Sydney Children's Hospitals Foundation by lending a helping hand to make reusable face masks.

Whether your using materials that are bright, neutral or have patterns – they can be as funky or original as you like!

This incredible initiative was kick started by the Foundation's very close friend, Todd McKenney. Your face masks will be sold online via Todd's website (www.todds.masks.com) for \$25, with all profits raised donated to Sydney Children's Hospitals Foundation.

To get involved:

1.

Sign up to become a volunteer by visiting <https://www.schf.org.au/get-involved/volunteer-signup#sign-up> and mention 'Todd's Masks' in the comments section

OR

If you're a current volunteer, email kylie.elliott@schf.org.au

2.

Once signed up, you will be sent an information pack including a pattern so you can get started on creating your face mask

3.

Using spare materials or offcuts, it's time to create your mask! Once completed, take a picture and send it to kylie.elliott@schf.org.au

4.

Your mask(s) will be put for sale on www.todds.masks.com with all proceeds raised donated to Sydney Children's Hospitals Foundation

5.

Know you've helped make a difference to the lives of sick kids
